

REPAIR INFO FOR Clutch Hydraulics

Part Numbers: 1100027, 1100631

For Vehicle: Nissan, Opel, Renault, Vauxhall applications

1100027 & 1100631 - TWO OR THREE BOLT FIXING

Valeo Service would like to advise customers and installers that for these applications there are two different designs of concentric slave cylinder that may be installed.

The different designs relate to the number of mounting holes within the CSC body, which can have either a 2 bolt or 3 bolt configuration. The 3 bolt design is 1100027 and the 2 bolt design is 1100631 respectively.
