

### Innovative Exhaust Solutions

#### EASE OF INSTALLATION

Multi-piece bolt-on design with no cutting, bending or welding required makes avoiding underbody obstacles simple and installation a one man job.

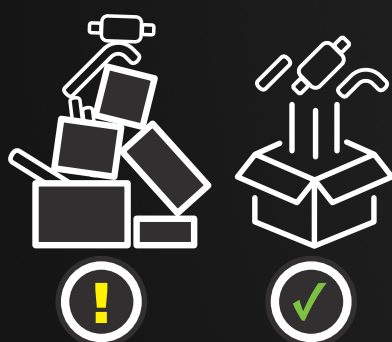

#### EASE OF ORDERING

Avoid hunting for multiple parts and get all your components in a single SKU with a couple clicks.

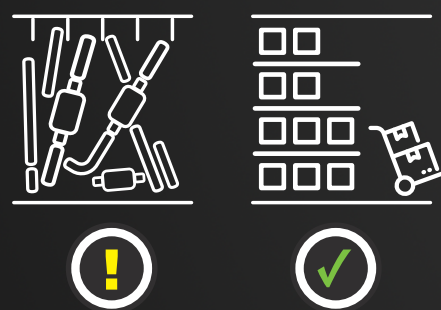

#### MAP PRICING

Locks in profit for resellers and sets a level playing field for both internet and brick & mortar stores.

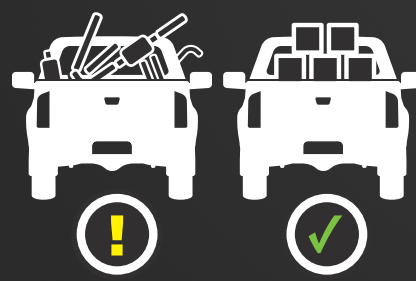

#### ORGANIZATION

One SKU = One box containing all the components, gaskets, clamps and hardware you need to complete the job.

#### SPACE OPTIMIZATION

Save space, optimize shelving and eliminate the hazardous disorganization of hanging exhaust.

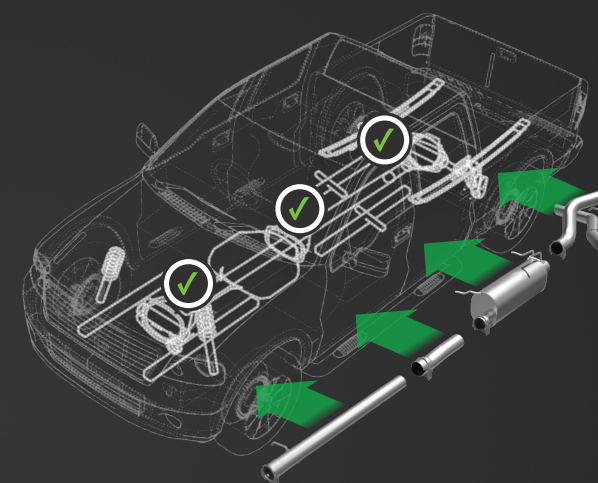

#### LOGISTICS BENEFITS

Designed to pack into a reasonably sized boxes better suited for delivery carriers and smaller vehicles saving on shipping costs.

### Multi-Piece Installation Benefits

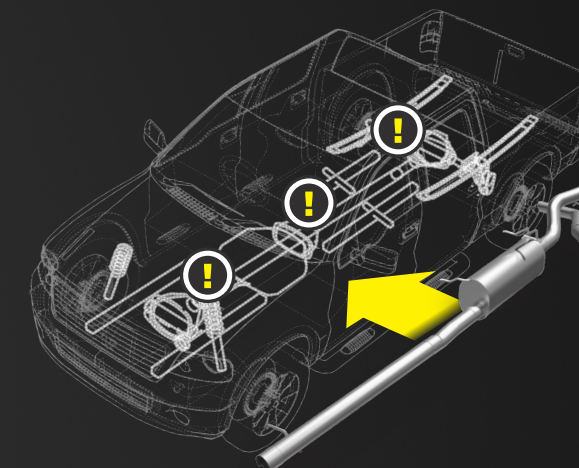

#### BRE Multi-Piece Install
